The Profane Village of Yuba Dam, California.

AFTER LONGFELLOW'S "EXCELSIOR,"

A. LONGWAYE.

A traveling Californian
One morning met another man,
And asked, "What town is this ahead?"
To which the other briefly said,
"You be damn!"

On strode the traveler, some surprised,
But that the man was drunk surmised;
For who, unless a little high,
To civil question would reply,
"You be damn!"

While thus his cogitations ran,
He overtook another man,
And him he questioned as before,
Receiving this reply—no more—
"You be damn!"

The traveler answered not a word,
But seeing just ahead a third,
Asked him the self-same thing at once,
Receiving but the same response,
"You be damn."

Astonishment upon him grew—
A stranger thing he never knew;
Half angry, half—he scarce knew what—
A fourth inquiry only brought,
"You be damn!"

"Is some asylum here about,
And have the lunatics got out,
And is their mania all the same?"
Quoth he, "that all of them exclaim,"
"You be damn!"

And then he felt his wrath grow hot—
"There'll be a fight upon the spot,
If any other man," quoth he,
"Shall insolently say to me,
'You be damn!'"

He almost reached the village, when
He met a stalwart citizen,
And asked what town before him lay?
The other answered right away,
"You be damn!"

The traveler straightway doffed his coat,
And took the other by the throat;
"You scoundrel!" hoarsely uttered he,
"I'll teach you not to say to me,
'You be damn!'"

Of course there was an instant fight,
Till both were in a horrid plight;
And fast and furious fell the blows,
And oft the battle-cry arose,
"You be damn!"

Thus fighting near the river side,
They rolled into its muddy tide;
Then parting, scrambled to the shore,
And shrieked above the mill-wheel's roar,
"You be damn!"

Beside the mill a maiden stood;
The traveler, drenched in gore and mud,
Inquired what name they gave the place,
The maid replied, with modest grace,
"You be damn!"

A little further on his way
He met a little girl at play,
To whom the question he addressed;
The child replied like all the rest,
"You be damn!"

"Good heavens!" he cried, "am I a-dreaming?
What place is this, where in blaspheming,
The men and women each outvie,
And even babes and sucklings cry,
"You be damn!"

And swift he hastened out of town,
Lest fire and brimstone should come down;
But found, in traveling on a while,
A guide-post reading thus: "One mile to
YUBA DAM!"

TRUE WORDS.—I arraign the Republican party as the party of disunion. I arraign that party for breaking the Union by denying representation to ten States. I arraign it for being the only party which recognizes disunion. I arraign it for needlessly keeping a standing army in the South, at your expense, for the purpose of making the white man subordinate to the negro. I arraign that party for having turned the South into a howling wilderness. She pays not a dollar towards supporting the Government, but the North is taxed to keep there a standing army as a guard over the ghastly ruins and desolation of the South. In the name of the overburdened labor of the North, of the dead soldier who gave up his life for the preservation of the Union, and in the name of the services and sacrifices of the Union soldiery, I arraign the Radicals for keeping the Union assunder, and of surrendering the Southern States, those vast regions of wonderful fertility and productiveness, to the control of a race which cover them with a blasting and withering desolation.—[Voorhees' Speech at Hartford.

HORRIBLE ACCIDENT.—The following is a special to the Reporter:

LONDON, August 22d.—A heart-rending calamity occurred in North Wales yesterday evening, by which twenty-five persons lost their lives. A train of cars from Holyhead, containing passengers and mails from Ireland, which was proceeding towards Liverpool at the usual rates, met with a sad accident at the little town of Abergele, county of Denbegh. A long train, loaded with petrolium, had just been switched off on the siding tracks, to make way for the Irish mail, but the switchman neglected to replace the switch, and a dreadful collision was the consequence. Seven persons, all passengers in the mail train, were killed outright, and many others badly injured. The cars in both trains were reduced to a shapeless mass. The concussion produced an explosion of the petroleum, which instantly enveloped both trains in flames, and before the fire could be subdued, eighteen persons had been literally burned to ashes.

AN IMMIGRATION COMPANY IN VIRGINIA.—A charter of incorporation, says the Richmond Enquirer, has been granted by Judge Edward R. Chambers of the Circuit Court of Mecklenburg, for the purpose of inducing and encouraging immigration to Virginia of people of other States of the Union and from foreign countries; to purchase or lease lands in this State, to be re-sold and re-let to such persons as the company may deem proper. The capital stock of this association will not be less than $20,000, with the privilege of increasing it to $40,000, to be divided into shares of $25 each. The shares may be subscribed for payable in lands or money. This company, by the provisions of its charter, may combine with one or more similar corporations in this State upon such terms as may be agreed upon to unite in a common plan to secure immigration into Virginia.

AN exchange calls the bills of the gas companies the heavy charges of the light brigade.

For the Democrat.

Facts and Figures.

MR. EDITOR: Happening to take up a copy of the Sacramento Union, dated Aug. 3d, 1868, my attention was called to some tables giving the vote of the States in 1865-6-7-8. From these tables I find that Lincoln's majority over McClellan in 1864 was 411,281 votes. I also find that the States which gave this majority have recalled 382,477 votes of it; that is, they have changed their opinions in three years this number of votes. The change in the respective States is as follows:

California	21,675	Nevada	2,480
Connecticut	4,178	N Hampshire	1,081
Delaware	600	New York	54,679
Indiana	5,987	New Jersey	9,053
Iowa	7,570	Ohio	56,608
Kansas	1,531	Oregon	2,731
Kentucky	32,938	Pennsylvania	20,997
Maine	9,508	Rhode Island	1,324
Maryland	45,126	Vermont	8,940
Massachusetts	50,051	W. Virginia	6,070
Minnesota	2,358	Wisconsin	12,810
Missouri	20,213		
Total			382,477

Deduct this from 411,281 and we have only 28,804 votes short of one-half the votes of the above named States; but had we the full returns from the recent local elections in many of those States, they would show a majority of votes already on the Democratic side.

Does this not give renewed hope to the Democratic heart? Lincoln, "the second Savior," beat McClellan, "the traitor," only 411,000 votes. This majority has already been redeemed, so if no change takes place from now till November the Democrats will win on the popular vote; but a change will take place, and that will all be in favor of the Democratic party—in favor of the country and of right. It is notorious that all the changes we hear of are to the Democratic side; that Lincoln stood infinitely higher in the estimation of the country than does Grant; that Seymour stands higher than stood McClellan; that the apathy of Republicans in regard to Grant has had no parallel in the history of presidential candidates, and that the enthusiasm of Democrats in regard to Seymour has never been equalled. Now, putting all these facts together, can any reasoning man doubt the result of the coming contest in the white States? Our people have been crying from the bitterness of their hearts for three long years: "Oh, Lord, how long?" But now, thank God, it needs no prophet to foretell, for soon the tyrants' fetters will be stricken from eight millions of our countrymen; a load of taxation and anxiety will be removed from thirty-five millions; friendship and civility will again take root in the hearts of our people, and all will join their united efforts to place our country once more upon the high road to prosperity and renown. This will naturally follow Seymour's election upon those grand principles enunciated in the Democratic platform, and if there ever was a time for men to act, that time is now whilst we yet have some forms of our almost lost liberties. But it is useless for me to urge upon Democrats the necessity of acting, for every Democrat I have met since the glorious nominations of Seymour and Blair is as active and determined as myself.

Let us rather increase than diminish our efforts from now till the eve of the November election, and the next day will announce a victory for the people that will astonish the Mongrelites even more than they were astonished at the election of the "unknown Pierce" over that truly great warrior, Gen. Scott, who had grown grey in the service of his country, and whose every grey hair represented some signal victory for American arms and American valor.

The veteran Scott was beaten in 1852 because the people then, as now, needed a statesman at the helm, and they got one then as they will get one now.

Should any Republican who reads this article, ask himself the question, "Why this fifty thousand votes changed in Massachusetts in favor of the Democracy?" I would advise him to go to Boston, visit the soup houses and ask the many thousands who there find subsistence, the reason of the change, and they will satisfy him, and will tell him that they are weakening on Republican soup and are bound to have after November the regular Democratic roast beef and mutton chops in abundance, as they always had when Democrats held sway in the councils of the Republic. This he will learn even in politically benighted Massachusetts, the place above all others which

"Nursed the pinion which impelled the steel;
Whilst the same plumage that warmed her nest,
Drank the last life's drop of her bleeding breast."

W.

A FARMER'S boy advertises in a Kentucky paper for a wife. He says:

"He wants to know if she can milk,
And make his bread and butter,
And go to meeting without silk,
To make a show and splutter;
He'd like to know if it would hurt
Her hands to take up stitches,
Or sew the buttons on his shirt,
Or make a pair of breeches."

"WHY do you show favor to your enemies instead of destroying them?" said a chieftain to the Emperor Sigismund. "Do I not destroy my enemies by making them my friends?" was the Emperor's noble reply. Kindness is the best weapon with which to beat an adversary.

THE RADICALS AND GEN. BLAIR.—Gen. Blair was a great favorite among the Republicans until he refused to follow them into Radicalism. Previous to that event nobody was truer, better or purer in their estimation than Gen. Blair. In the thirty-seventh Congress he was placed in nomination for Speaker of the House by the Hon. John Hickman, of Pennsylvania, in these words:

"I beg leave to nominate for the Speakership of this House, Gen. Francis P. Blair, Jr., of Missouri, a gentleman who has inaugurated a war policy in that State which has elicited the enthusiastic approbation of every loyal American citizen."

He received forty votes on the first ballot and then withdrew his name. Among those who voted for him we find the names of John A. Bingham, of Ohio; Roscoe Conkling, of New York, now United States Senator; Kelley, of Pennsylvania; Lovejoy, of Illinois; Sherman, of Ohio, and Schulyer Colfax, of Indiana. Then General Blair was such an able, upright, honest, good man, that he was in their estimation, the proper person to be the Speaker of the House of Representatives. Now, these fellows have nothing too hard or two low to say against him.—[Nashville Dispatch.

COLONEL MOORE, a veteran physician of the old Dominion, enjoyed great personal popularity on account of affability of manner, and, of course could always carry a big vote whenever he was up for office. He generally spoke to everybody he met, and usually succeeded in convincing people that he knew them well. He met his match one morning, however, when, on meeting a countryman, he shook hands heartily with him, and commenced:

"Why, how do you do, thir; I thee you thill ride your fine old gray, thir."

"No, sir, this horse is one that I barrowed this morning."

"Oh! ah! well, thir, how are the old gentleman and lady?"

"My parents have been dead about three years, sir."

"But how ith your wife, thir, and the children?"

"I am an unmarried man, sir."

"Thure enough. Do you thill live on the old farm?"

"No, sir; I have just arrived from Ohio, where I was born."

"Well, thir, I geth I don't know you, after all. Good morning, thir."

CALIFORNIA WHEAT AND FLOUR.—It may not be known generally that there is a handsome gain to shippers of our wheat, in the matter of grain in weight, by reason of its absorbing moisture in passing from the Pacific to the Atlantic. In some cases the gain is a large per centage. California wheat is gathered in such a perfect manner—so dry and pure, that in passing to a humid atmosphere it will absorb largely; yet, we do not believe the actual gain has always been known so as to be realized. In the matter of flour, we are informed by the best authorities—bakers that purchase and use our California flour—that it will absorb twenty, thirty, even forty pounds of water more than a barrel of Atlantic flour; thus they actually gain from ten to twenty per cent. more weight, besides having a superior flour. These facts are worthy of note.—[California Farmer.

THE Rev. Dr. Talmage don't admire choir singing in the churches, if we may judge from the following: When four wood-larks are allowed to do all the singing in the forest, and four seraphs all the singing in Heaven, then can the Protestant churches afford to depend for singing upon four persons who stand in the loft, with their throats yet sore from singing at the opera, executing their fugue tunes and torturing the good old hymns in the following style:

"Oh! for a man
Oh! for a man
Oh! for a man-sion in the skies."

"We'll catch the flee
We'll catch the flee
We'll catch the fleet-ing hours."

"He'll take the pil
He'll take the pil-grim home,
And bow—ow—ow before the Lord."

THE POOR BOY.—Don't be ashamed my lad, if you have a patch on your elbow. It is no disgrace. It speaks well for your industrious mother. For our part, we would rather see a dozen patches on your jacket than hear one profane or vulgar word escape from your lips. No good boy will shun you because you cannot dress as well as your companions; and if a bad boy sometimes laughs at your appearance, say nothing, my lad, but walk on. We know many a rich and good one who was once as poor as you. There is our next door neighbor, in particular, now one of our wealthy men, who told us a short time since that when a child he was glad to receive cold potatoes from his neighbor's table.

A SCOTCH CLERGYMAN, at a recent General Assembly, told some hard stories of the ignorance of divinity students. One of the candidates, in reply to a request to define "hypothesis," said it was "a machine for raising water;" and another gave as a definition, "something that happens to a man after his death." The examiner said he was mistaken—that was a "hypotheneuse."

A QUAKER, on hearing a man swear at a particular bad piece of road, said: "Friend, I am under the greatest obligations to thee. I would myself have done what thou hast done, but my religion forbids me. Don't let my conscience, however, bridle thee; give thine indignation wings, and suffer not the prejudice of others to paralize the tongue of justice and long-suffering—yea, verily."

LOOK OUT FOR SMALL THINGS.—If a farmer looks out for the odds and ends about his farm it may be put down that he will be successful. The matters of moment which occur are most always bound to be cared for. Every tool should be in its place, and a place should be provided for them. Utensils should never be left where they were last used. By saving the dimes the dollars are made.

A THUNDERING lie is now rendered—a fulminating enlargement of elongated veracity.

WHAT OUR NEIGHBORS THINK.—The following is an extract from an interesting account given by the editor of the State Capital Reporter, of a recent trip, over the new route, to San Francisco and back. Referring to that portion of Yolo through which he passed, he writes as follows:

It is a broad plain, of exceeding fertility, and every acre, unless it be tule land, is susceptible of cultivation, and even that excepted, will, in all probability, at some no very distant day, be drained and protected and made productive. The percentage of land occupied, we could not estimate, but for some miles around Davisville the greater portion was under cultivation, mostly in wheat. There are some fine farm-houses, with ornamental gardens, comfortable outhouses, thrifty orchards and pleasant surroundings, which, with the large stacks of grain, show taste, industry and enterprise.

The agricultural resources of Yolo and Solano appear illimitable. Davisville, on the bank of Putah creek, was lately the lovely home of Jerome L. Davis, who settled there in 1846, and gathered about him all the comforts of life. This ranch of twenty-five hundred acres was lately purchased by the California Pacific Railroad Company at the rate, commonly reported, of thirty-two dollars per acre. Upon this ranch is located the town of Davisville, and here will be one of the principal depots of the road. Here will be the junction of the two roads, one from Sacramento, and the other from Marysville via. Knight's Landing and Woodland. Several buildings have already been erected, and there can be no doubt but in a short time a busy town will exist on the banks of this pleasant stream. A favorable feature of this populous and prosperous section is the great plurality of the Democratic element, true patriots, able farmers and advocates of a white man's government.

MEETING AT SILVEYVILLE.—That the Democracy of Solano county is actively and energetically engaged in the good work with hopes of triumphant victory is a fact which was thoroughly demonstrated at the Silveyville meeting on last Saturday evening. The largest crowd ever before assemble in that place listened to the eloquent speeches of Goodwin, Burnett, Carey, Taylor, Brown and Mandeville, and the air resounded with enthusiastic cheers. Messrs. Jones and Johnson, the gentlemanly editors of the Solano Sentinel, were present on the occasion and added much to the interest of the meeting. The Sentinel is staunch and true in the cause of right, and richly merits the liberal support it receives at the hands of Solano Democrats. Long may the Sentinel stand guard over the liberties of the people in the fertile valleys of Solano.

A CRUSHER.—The Erie (Pa.) Dispatch, an influential Republican paper, refuses to back Grant in the Presidential race. It knows him and says that the "time of blockhead Presidents ought to be passed, and that no man too stupid to make a two minutes' speech can be placed in the White House by the aid of its influence." Thousands of sensible Republicans everywhere are coming to the same conclusion, and will rally under the Democratic flag as the only means of securing the country from the curse that would follow the election of Grant to a position so exalted and responsible and for which he is so imperfectly qualified.

RADICAL PASTIME.—A short time since alarming reports came from Eastern Virginia to the effect that large gangs of the Ku-Kluxes were infesting the country and threatening the lives of Radicals. It turns out that the reports were based on letters received by prominent Radicals who were threatened with annihilation. An investigation of the matter revealed the fact that the letters were written by Radicals to their own brethren for the purpose of casting odium on the Democratic party. Try again.

NEW DEMOCRATIC PAPER.—We learn from the Santa Cruz Sentinel that a new Democratic paper, called the Santa Cruz Journal, was to have started in Santa Cruz on Wednesday last. James Galway is to be the editor and publisher. We wish it success politically and financially.

BRUTALITY.—A prize fight occurred between two ruffians, Edwards and Collyer, in Baltimore last Tuesday. The brutal exhibition lasted one hour and fourteen minutes. Forty-seven rounds were fought and Edwards was declared the winner.

Radical Hypocrisy.

The people have long since despaired of the promised fruits of victory which Radicals loudly proclaimed as the sure results to follow the successful prosecution of the war. Why this disappointment? Is the present unsettled condition of the country to be accounted for by the presence of an unconquered armed foe? or are its pretended friends responsible for the discord which prevails over the land, and threatens, sooner or later, to culminate in terrible conflict? Years have gone by since the close of the war, and no good reason exists why the country should not now enjoy the blessings of peace and prosperity, instead of groaning under the weight of an increasing debt and the despotic sway of evil men, whose highest ambition is political ascendency. Not an armed foe has raised his hand against the Government for years. With singular unanimity, the advocates of the doctrine of secession have acquiesed in the arbitrament of the sword, accepted in good faith the terms proposed by a conquering army, and are to-day beseeching the rulers of the land to let passion and prejudice give place to friendship and harmony. Notwithstanding this, however, unrelenting despotism still holds in its iron grasp the destiny of the country, and the condition of the affairs of the Government are daily growing worse and worse.

The Radicals say "let us have peace," and yet every act of their councils has been in direct violation of principles that would naturally lead to conciliation. Peace is not their intention or desire. Leaders of their own party who have dared to advise a conciliatory course have been hooted, derided and condemned by the more ultra fanatics who control the action of the party. Their policy is war. It is only through bloodshed and its accompanying opportunities of speculation and fraud that they hope to retain power. The base hypocrisy of their cry for "peace" is too apparent to deceive the people. A party that has so long made war upon the sacred obligations of the Government to the people, can no longer be trusted, however lustily they may now clamor for support. The ends of peace and prosperity can never be attained through the success of a party drunken with insane hatred which prompts its leaders to gloat over the misfortunes of a brave but fallen foe. Union can not be restored while States are excluded from a participation in the affairs of Government. Harmony cannot prevail while the causes of desolation exist and a military despotism is destroying the rights of one-half of the people. No thinking man can be deceived by their hypocritical pretentions. A glance at the past is sufficient to expel all doubts of their perfidy and insincerity. If the people do not desire to see the Government subverted and their dearest rights abused, disregarded and denied, they have it in their power to arrest the progress of these evils and vindicate the cause of justice and humanity, of liberty and law, by uniting their efforts to overwhelm with defeat the curse of Radicalism in the ides of November.

GRANT "TAKES WELL."—A former editor of the Chicago Tribune, J. C. K. Forest, describes a habit of Grant as follows:

Grant is known to be a very self-absorbed, selfish and grasping man. He takes everything that is presented to him, no matter by whom, or what the supposed consideration. Rich men of the national bank and bondholder stripe have presented him with houses, bonds and stocks. Sporting men have presented him with horses. Gamblers have presented him with billiard tables. Dog fanciers have presented him with pups Theater managers constantly present him with dead-head tickets. Harness makers have presented him with saddles and harness. Carriage makers have presented him with carriages. Russell Jones and Washburne knew his weak point when they presented him with $5,000 of stock in the Chicago Horse Railway Company. Even poor card-writers present him with all the visiting cards he uses—for which they get in return letters of thanks in very indifferent English. In fine, "all is fish that comes to Grant's net."

TERRIBLE TRAGEDY.—Some domestic difficulty in the family of Charles Heidinger, residing at the Fremont House in San Francisco, gave rise to the commission of a terrible crime on Tuesday last. Heidinger and wife, with their little boy about two years old, occupied the same bed. While the husband was asleep Mrs. Heidinger got up, and getting possession of a razor, she cut the throat of her child, killing it almost instantly, and then made a desperate attempt at suicide by cutting her own throat. There is but little chance for her recovery. The woman must have been laboring under a fit of insanity.

BACKDOWN.—Theodore Milliken, a merchant of Sacramento, and an over zealous supporter of the Radical candidates, offered a few days since to bet five thousand dollars that California would go for Grant and Colfax. Alexander Mills, a staunch Democrat, hearing of the proposition, called on Milliken and politely requested him to walk over to the bank and put up his money against the same amount which Mills had ready for the occasion. Milliken backed down. A sensible move. Everybody knows that Grant and Colfax have no hope in California.

INFORMATION WANTED.—A suitable reward will be paid at this office for the names of "a number of prominent Democrats in El Dorado county," which some over zealous Radical journals have announced as supportors of Grant and Colfax. Let us have the names.

SEYMOUR is hunting up cerrificates of loyalty during the war.—[Hannible Courier.

They were found in the War Office, signed by President Lincoln, Secretary Stanton and Governor Curtin, of Pennsylvania.—[Macon Times.

Noble Deed.

The Sisters of Mercy, of San Francisco, have recently made for themselves a record that will not soon be forgotten. They have set a noble example to those around them that will commend itself at once to the hearts of all who feel a sympathy for suffering humanity. The following account of the deed to which we refer appears in the Dispatch, of recent date:

One of the noblest deeds which it has been the duty and pleasure of a journalist to record, has just come to our knowledge. A day or two ago the Superioress of the Order of Sisters of Mercy, having charge of St. Mary's Hospital, sent to Dr. R. Beverly Cole, Chairman of the Hospital Committee, in the Board of Supervisors, a letter, every word of which breathes a charity as noble as is anywhere recorded in history; a Christianity as self-sacrificing as it is pure and enduring. The substance of the letter was, that the Sisters of Mercy deemed it their duty to aid suffering humanity wherever found and no matter with what disease afflicted. That not only was it a duty, but a heavenly mission which they had to perform. They knew that with all the resources of this great city applied to the object, the poor sufferers in the Small-pox Hospitals could not receive that attention from hired nurses which could be bestowed by the hand of charity. They therefore asked that some of their sisterhood might be substituted for the nurses at present employed in the small-pox hospitals. It was added that none knew better than Dr. Cole, that the requirements and wants of the Sisters of Mercy were simple and few, as he, the Doctor, had been some years a visiting physician of St. Mary's Hospital where their chief labor has been done. One small room would suffice the Sisters and in all else they would supply themselves. Dr. Cole did not hesitate a moment, but sent a reply accepting the services of the Sisters.

Already these faithful followers of the "man of many sorrows and acquainted with grief" have gone out to the small-pox hospital "A," near the ocean beach, and taken charge. The noble Superioress is at their head, personally aiding to heal the sick and soothe the afflicted. With them they took a wagon load of linen bandages and cloth to dress the poor sufferers as they may need. One of the hired nurses has already been discharged, and as soon as the Sisters have become fully acquainted with the formula of the pest house, the balance of the nurses under employment will follow, save such as is necessary for that work and nursing which women cannot do. The offer extends to both hospitals, and ere long the Sisters of Mercy will bring their soothing influence into all the small-pox hospitals of the city. San Francisco, for this noble deed, owes the fraternity which these Sisters represent, a debt of gratitude which can never be paid. In the face of such actions it may seem improper to remark upon the pecuniary saving which will accrue to the city treasury, but at least it is not improper to state that now there need be no fear of a repetition of alleged outrages at the pest houses; no longer will the stimulants furnished to patient be swallowed by unfeeling nurses; no longer will the sick and dying suffer and expire, alone and unattended in the dark hours of night. God bless the Sisters of Mercy!

PERSONAL.—The Grass Valley National of Aug. 20th says: We had the pleasure of meeting to-day Hon. J. A. Johnson, Congressman of the Third District, who has just returned from the East via. overland route. Mr. Johnson states that the enthusiasm in the Eastern States over the Democratic nominations is unbounded, and that there is no possible doubt but that Seymour and Blair will be elected by tremendous majorities. New York is good for 100,000 Democratic majority. Chase is a strong Democrat, heartily endorses the platform, and is an enthusiastic supporter of our nominees. Mr. Johnson is looking well, considering his tiresome journey of two weeks, and will do good service for the cause of justice and right during the present campaign.

WHAT business of his is it what laws, under the Constitution, a sovereign State shall make?—[Bee.

You have repeatedly declared that the Southern States are not "sovereign;" you indorse the action of Congress which treats them as territories; you insist that Congress has the right to impose negro suffrage upon them, in defiance of their protest, and yet, to make a point against Gov. Holden, you eat your own words and declare them "sovereign States." Be consistent, and don't again write yourself down an ass.—[Mountain Democrat.

CHASE FOR SEYMOUR.—The Boston Post's Washington correspondent says that Chief Justice Chase declared to him that he did not desire the nomination to the Presidency, and deemed it unfortunate his name was mentioned in connection with it. And he adds that "Judge Chase recognizes in the Democratic nominee for the Presidency a patriot and statesman every way worthy to be the standard bearer of the National party with which he now considers himself fully identified." He could not, without being a wretched hypocrite, seek a nomination at the hands of the Democratic party and then oppose its nominees.

MISREPRESENTATION.—The Sacramento Record refers to the work of demolishing the Democratic Press office as having been done by the Union men of San Francisco. The Record is wrong. There was no Union man in the crowd nor among those who encouraged the dastardly deed. The work of destruction was accomplished by a dranken, lawless, liberty-destroying mob of Radical fanatics.

MEDAL FOR CALIFORNIA.—The Oakland News says Governor Haight has received the Paris Exposition Medal awarded to the State of California for the best wheat and other cereals. The medal is about two inches in diameter, and upon one side is engraved the bust of the Emperor Napoleon, and on the other the appropriate inscription.

PROGRESS OF THE RAILROAD.—On Monday evening, August 24th, rail was laid on the Pacific Railroad to Humboldt City, 282 miles from Sacramento. By Saturday night next, the road will be graded to Gravelly Ford, 414 miles East of this city. It will be seen that the graders are fully 100 miles in advance of the track-layers.—[Capital Reporter.

MERRY TIME.—Under this head a Sacramento paper notes the departure of a party of excursionists to a country camp meeting.

REticent TELEGRAPH.—Why is the telegraph so silent about a negro outrage recently committed in the District of Columbia? The following dispatch, under date of Washington, August 19, was probably run over the wires by mistake:

"The trial of the colored Zouaves who fired into the crowd in Washington last week, commenced in Georgetown yesterday. Considerable evidence was taken. Policemen testified that they saw the occurrence, but were too much afraid of their lives to interfere."

This, and no more. Evidently the negro Zouaves had been trying their muskets on the people with killing effect, and there is an evident disposition to hush up and suppress all accounts of the murderous outrage. Accounts of the outrageous riots and murders by negro mobs in Washington, which occurred on the night of the city election, were suppressed, and not sent by telegraph, and the papers of a certain political party never made much reference to them. The same course is being pursued in this last case of murderous outrage by negroes. But if a white man down South happens to kill another, or to violently resent some insult, the event is heralded broadcast over the land, and represented as a score or two of unprovoked murders. The remarkable reticence of the telegraph in some instances, and its extreme loquacity in others, is evidence of its partiality—and its use to bolster up some interests and to injure others.—[Call.

STOP IT.—The statement made by nearly every Republican paper in the State that Hartson ran 2,000 votes ahead of his ticket in this District last Fall is not true, and had just as well be stopped now. He did run ahead of Gorham—anybody could do that. A comparison of the votes will show that so far from running ahead of his ticket he ran behind Jones, the candidate for Lieutenant-Governor. In this county, where he is supposed to be best known, he was considerably behind the entire State ticket except Gorham and McCarthy. Next week we shall give the figures.—[Napa Reporter, 22d inst.

THE YOUNG MEN.—It is astonishing how many young men are coming out for Seymour and Blair. The romance of Fremont's career, and the Wide Awake nonsense of the Lincoln campaign, allured a good many, but this year there is not enough enthusiasm among the radicals to coax an infant to the front window. The young men are with the Democratic party this Fall, and every one we know of who is to cast his first vote, will cast it for Seymour and Blair. The hurrah is all taken out of the other side.—[Capital Reporter.

WILL NOT DRINK WHISKY.—Parton, the husband of Fanny Fern, the author of many books, and the taker of many lives on paper, expresses his belief that the "Coming Man" will not drink whisky. An Eastern contemporary agrees with Parton, as it thinks that the bibulous tendencies of the "Present Man" are so strong that there will be nothing left for his successor to drink.

The Reasons for Insuring

NEW ENGLAND MUTUAL Life Insurance Company,

OF BOSTON.

By the Acts of Massachusetts, incorporated into the General Statutes of 1860 and 1864, a Policy of Life Insurance for the benefit of a Married Woman, or any person or persons specified, goes to them independently of the debts and liabilities of the party who effects the policy.

An Act to Regulate the Forfeiture of Policies of Life Insurance.

Be it Enacted, etc., as follows:

SECTION 1.—No Policy of Insurance on Life, hereafter issued by any Company chartered by the authority of this Commonwealth, shall be forfeited or become void by the non-payment of premium thereon, any further than regards the right of the party insured therein to have it continued in force beyond a certain period, to be determined as follows, to-wit: The net value of the policy, when the premium becomes due and is not paid, shall be ascertained, according to the "combined experience" or "actuaries'" rate of mortality, with interest at four per cent. per annum. After deducting from such net value any indebtedness to the company or notes held by the company against the insured, which notes if given for premium shall then be canceled, four-fifths of what remains shall be considered as a net single premium of temporary insurance, and the term for which it will insure shall be determined according to the age of the party at the time of the lapse of the premium, and the assumptions of mortality and interest aforesaid.

SECTION 2.—If the death of the party occur within the term of temporary insurance covered by the value of the policy, as determined in the previous section, and if no condition of the insurance, other than the payment of premium shall have been violated by the insured, the company shall be bound to pay the amount of the policy the same as if there had been no lapse of premium, anything in the policy to the contrary notwithstanding: provided, however, that notice of the claim and proof of the death shall be submitted to the company within ninety days after decease; and provided, also, that the company shall have the right to deduct from the amount insured in the policy the amount at six per cent. per annum of the premiums that had been forborne at the time of the death.

TOWN AND COUNTY MATTERS.

RADICAL MEETING.—The firing of guns and flourish of trumpets, in accordance with previous announcement, brought together a few of "Freedom's Defenders" in Temperance Hall in this place on Wednesday evening last, to listen to the harangue of one of the faithful from Sacramento, who announced himself as "Past-Grand-Worthy-Chief-Templar-of-the-Pacific-Coast." The speaker labored hard in his *assertions* of Grant's sobriety, and declared that *he* knew a man who never saw the General make use of intoxicating liquor. The name of the witness was not given. No less than forty temperance journals, published in the United States, according to the speaker's declaration, had come out in favor of the election of Grant and Colfax. Lincoln's remarkable escape in passing through the city of Baltimore, the firing of the "first gun," and other incidents connected with the rebellion, were talked over in an excited manner, and declared sufficient causes for the finger of scorn to be pointed at the children of Democrats. The speaker said the Democratic party was dead but didn't know it. A school boy in the audience remarked that nearly the same thing was once said of "Old Rough and Ready" in Mexico, and yet he survived. In the opinion of the speaker, treason had not yet been made sufficiently odious. He thought the leaders of the South should have been hung by the neck and then shot in the back by our brave soldiers. He thought the negroes were ignorant and degraded at the period of their emancipation, but gave no explanation of the process by which they became entitled (in the estimation of Radicals) to exercise the high prerogative of suffrage after their freedom was attained. The "speech" throughout consisted in a tirade of abuse against every thing anti-Radical. The political opponents of the speaker were denounced as a dishonest, ignorant, lying class of people, whose children and children's children should be branded with contempt and scorn for all time to come. Extreme Radicals seemed delighted with the harangue. Conservatives were insulted and disgusted, and unprejudiced men of all parties agreed that such exhibitions of malice and vituperation could not fail to add strength to the opposers of fanaticism. At the close of the speaker's remarks the audience seemed impatient to leave the hall. A call was made for new recruits to join the Grant and Colfax Club and, as we are informed, not a single name was added to the roll. Better success might honestly be desired to follow the gentleman's efforts in his capacity as President of a worthy organization known as the "Band of Hope," but it cannot be expected that good results will follow his political tactics in any community where a Christian spirit prevails. Go on, gentlemen of the Radical party, with your abuse. Your ranting vituperation of those who have the manhood to oppose your wicked schemes will be of no avail. The people have an account to settle with you in November.

ASSAULT AND BATTERY.—An offender against the peace and dignity of the people, who gave his name as William J. Farrell, was arrested by Deputy Sheriff McDonnell on Tuesday, on the charge of an assault with a deadly weapon with intent to do bodily harm. An examination was had in the Justice Court and the defendant was held to answer to the crime of assault and battery. He plead guilty and was sentenced by the court to pay a fine of fifty dollars or be imprisoned in the county jail twenty-five days, or until such fine was paid.

ACCIDENT.—On Saturday last, Leonard B., a son of S. Garoutte, residing near Cottonwood, in this county, met with a serious accident by being thrown from his horse. He was out alone herding stock, and the horse becoming unmanagable, threw him violently to the ground. He was afterwards found in an insensible condition and carried to his home and a doctor was immediately sent for. It was found that he had suffered a severe concussion of the brain, and for a time his life was dispaired of. We learn, however, that his condition has improved and that hopes are entertained of his recovery.

DISGUSTED.—After the adjournment of the meeting of Freedom's Defenders at Templar Hall on Wednesday evening, we heard two respectable Republicans denounce the sentiments uttered by the speaker, Dr. Haswell, of Sacramento, in unmeasured terms. A few more such meetings in this community will awaken a healthy reaction in the minds of all moderate men of that party who have not quite lost all respect for the rights of their fellow man. Call again.

DRUNKEN TRIO.—On Tuesday last the Sheriff found a man, for whom he had a warrant, in a beastly state of intoxication. The inebriate was locked up in order that he might have time to get sober before his examination in court. At the hour appointed for trial he had partially regained his equilibrium, and the trial was about to proceed when two of the prosecuting witnesses made their appearance in a similar degraded condition; whereupon the court ordered the trio, witnesses and defendant, to be locked up until a later hour.

HESPERIAN COLLEGE.—The new term of this institution commenced on Monday last. The number of students enrolled is about one hundred and twenty, a much larger number than was ever before present at the beginning of a term. There has been no change in the efficient corps of teachers who formed the faculty last term, except in the music department. In this department the services of Prof. H. Hollo have been secured. He has made music a life-long study and cannot fail to add a charm to the institution which it never before possessed. The new term has commenced with the most flattering prospects of success.

KU-KLUX KLAN.—A well known Radical in town accosted a staunch Democrat on the street a few days ago and bewailed the existence of the Ku-Klux Klans in the South. He said he was really afraid they would do some great harm. "Why," said the Democrat, "I suppose the people of the South will be as successful in keeping them down as we have been here, in doing the same thing." "What," said Rad., "have we Ku-Kluxes among us?" "Oh, yes," replied the Democrat, "they hold their midnight meetings frequently in our very midst, but they call themselves Freedom's Defenders here." Exit Rad.

MAGNIFICENT.—A bunch of grapes of the variety known as "Black Chester of Burgundy," from the vineyard of Jas. A. Douglas, near Casheville, was left on our table by that gentleman on Tuesday last. It is a beauty, and in size and weight can scarcely be excelled. Its weight is four and one-half pounds. Who can beat that?

QUARTERLY MEETING.—A quarterly meeting of the Woodland charge, M. E. Church, will be held in this place, the service commencing at 2 o'clock this afternoon. Rev. J. B. Hill will preside. This will be the last quarterly meeting for the present conference year.

INEXCUSABLE NEGLIGENCE.—Several times, recently, crimes of various kinds have been committed in isolated neighborhoods in this county, and in nearly every instance the victims or other citizens acquainted with the facts, have failed to give information to the proper authorities until after a sufficient time had elapsed to afford the guilty parties time to escape. It is plainly the duty of every citizen who becomes cognizant of a violation of law to make the matter known at once, in order that the offender may be brought to justice without delay. The county officers have always shown a determined spirit in the performance of their various duties and are ever ready to co-operate with those who desire to sustain a high moral standard in the community, but it is not possible for them to be everywhere present and it is only in few instances that evil-doers will dare to violate the law in their immediate presence. Bad men, on the contrary, usually seek localities remote from the presence of officers as the field of their operations. In a recent case of robbery committed ten miles from the county seat, on an unfrequented road, several citizens who were cognizant of the fact failed to make the officers acquainted with the matter until the thief had already disposed of his booty (some three hundred dollars) and fled to a distant part of the State. It is to be hoped in future that there will be no cause of complaint in affairs of this kind.

TEMPERANCE LECTURES.—We learn that a series of lectures, on the subject of temperance, will be delivered in this county by Rev. A. C. McDougall—the first at Cottonwood, to-day, to be followed by one at Plainfield to-morrow (Sunday) at 11 o'clock A. M. The third will be delivered on the public street, in this place, at 5 o'clock P. M., to-morrow.

FOUND.—A lady's gold-mounted jet ear-bob was picked up in the street on Sunday last by a gentleman, who left the article at this office, where it awaits the demand of the owner.

EQUALIZATION.—The Board of Supervisors have been engaged this week in correcting the assessment rolls. On Monday next they will meet for the transaction of general business.

BRASS BAND.—We are glad to learn that arrangements have been made to organize a brass band in this place. Professor Hollo will be the leader.

DEMOCRATIC MEETING.—There will be a mass meeting of the Democracy at Knight's Landing this evening. Col. Thos. Henley and other distinguished speakers are expected to be present.

SERENADE.—We acknowledge the compliment paid this office by the Woodland String and Brass Band on Thursday evening. May their notes never be discounted.

SEWING MACHINES.—Mrs. H. Hollo, of this place, is agent for Wheeler & Wilson's fine sewing machines.

PLANTATION BITTERS are especially recommended to Clergymen, Public Speakers and persons of literary habits and sedentary life who require for digestion a relish for food and clear mental faculties. Delicate females are certain to find in these Bitters what they have long looked for.

ELECTRO SILICON.—This curious and valuable substance is confidently claimed to be the BEST ARTICLE ever discovered for cleaning and polishing Gold, Silver and Plated Ware, and all smooth metallic surfaces, of whatever description, including kitchen utensils of tin, copper, brass, steel, etc.

"IN TIME OF PEACE PREPARE FOR WAR."—So get a bottle of DR. E. COOPER'S UNIVERSAL MAGNETIC BALM, an unequalled preparation for Dysentery, Diarrhœa and Cramp. The instantaneous relief for Burns, Bruises and Sprains.

TO HEADS OF FAMILIES.—Are your little ones subject to croup? If so, don't fail to use NEWELL'S PULMONARY SURUP. A few doses given in time MAY SAVE THE LIFE OF A DARLING CHILD. Do not fail to have it on hand, if you would be safe and free from anxiety.

HOSTETTER'S STOMACH BITTERS!

The following letters from well-known physicians and individuals show the estimation in which this celebrated preparation is held by those who have used them:

PITTSBURG, May 10, 1866.

Messrs. Hostetter & Smith—Gentlemen—During a visit in the West last Fall, I contracted chills and fever, which brought me to my bed, and finally terminated in typhoid fever, and confined me to my room for several months, during which time I was so prostrated that I almost despaired of ever recovering health; having entirely lost my appetite for days, not being able to eat a morsel; added to which I was much distressed with a reeling sensation in my head, and passed many sleepless nights—all from debility caused by my prostrate condition, brought about by the fever. At this stage of my condition a friend recommended me to use your celebrated Stomach Bitters; but being morally opposed to the use of stimulants in any form, I at first declined, but afterward yielded my prejudices, and after taking the medicine for several weeks as directed, my appetite returned, and with it I am rapidly regaining my former strength and vigor. My sleep (from the loss of which I had suffered much) has never been better than it is now, and the reeling sensation (before alluded to) has entirely left me. My bowels, which were much constipated and irregular, are now quite natural, and in fact, I am glad to say that I feel myself a new man, and tender you this testimonial of my appreciation of your valuable preparation, in order that others suffering as I have may avail themselves of its virtues, which prejudice prevented me from enjoying for so long a period. I may also add that my physician, after seeing the beneficial effect your Bitters had, recommended that I use them regularly.

Yours, very respectfully,
E. BORNE, 45 Market street.

PITTSBURG, Sept. 4, 1866.

Messrs. Hostetter & Smith, Pittsburg, Pa.—Gents—I think I am only doing the part of a good citizen when I testify to the great benefits received by me from the use of your Stomach Bitters during the last five years. Sojourning for a short time in the oil regions, in 1861, I had a severe billious attack, which, in connection with dyspepsia, left me in a very weak condition. I was advised to try your Bitters, and having procured a bottle, found that they worked like a charm upon me, eight pounds having been added to my weight in the space of one week, and new life seemed to have been infused into my system—so much so, that I have been induced to use them every Summer since that time. As a tonic, I think they are invaluable. This Summer, having a similar attack (and as before, much reduced), although under the treatment of an A No. 1 physician, I was again obliged to have recourse to the old Bitters, and with the same good result, having gained six pounds within a few days. I purchased a half dozen bottles a few weeks since, and propose to use them regularly as a tonic.

Wishing you every success, I remain
Yours, gratefully, WM. MILLER.

Messrs. Hostetter & Smith—Gents—It is with the greatest pleasure that I recommend your Stomach Bitters to the public. I think it the best Bitters of the day. It is especially adapted to the South and West, where biliary derangements of the liver are prevalent. Ten years' experience in the use of compounds as curatives compels me to give your Bitters the preference that its popularity merits.

A. ANGLE, M. D.

GALLATIA, Saline Co., Ill.

Messrs. Hostetter & Smith—Gentlemen—I have practiced medicine for many years, and have used your Bitters in a number of cases with great success, and take pleasure in recommending them to the public in general.

Very respectfully, J. SMITH, M. D.

MATTOON, Ill., Jan. 21, 1865.

Messrs. Hostetter & Smith—Gentlemen—I sell more of your Stomach Bitters than of any other medicine. Parties who have tried them speak in very high praise of their excellent virtues. I have used them myself, and prescribe them with unparalleled success. Very respectfully yours, G. T. GILNER, M. D.

Messrs. Hostetter & Smith—Gentlemen—I have used, and often prescribed, your Stomach Bitters, and take pleasure in recommending it to all whose stomachs are debilitated. It is an excellent appetizer and tonic, and I prize it as one of the best medicines of the day.

R. G. MOORE, M. D.

FRANKLIN, Clinton Co., Ind., Dec. 2, 1861.

Messrs. Hostetter & Smith—Gents—Some 18 months since I was troubled with weakness of the stomach, and had lost my appetite, and, on the recommendation of Dr. Cox, our family physician, I purchased several bottles of your Bitters, which had the desired effect of restoring me to health. But of late I have not been able to obtain the Bitters in our place. Please inform me where I can purchase them, or if you will send me some on sale, I will be pleased to have the agency, as I can recommend them to be what they are represented.

Yours truly, JOHN F. HUTCHINSON.

EFFINGHAM, Effingham Co., Ill.

Messrs. Hostetter & Smith—Gentlemen—With pleasure I can say that your Bitters are superior to any others. I have used them in my family for a long time, and always with beneficial results. Yours, very truly,

ROBT. GILBERT.

BUCKLAND, Prince William Co., Va., January 29, 1866.

Messrs. Hostetter & Smith—Sirs—I believe your Bitters are the best in use. I tried them for dyspepsia in 1863, and they cured me. It was not faith that did it, for I had no faith in them; I tried them to please a friend. I had been prostrated for several weeks with dyspepsia and chronic diarrhea. I expected to die; but less than one bottle so far restored me that I could attend to my business. Last October I overworked myself, which resulted in a return of the same disease, accompanied with bronchial affection, when I again used your Bitters and was soon restored to health. I have recommended them to hundreds of my acquaintances, and have never known them to fail in effecting a speedy cure. Truly yours,

MIRANDA CHAPPEL,
Postmaster at Buckland, Va.

ELDERTON, Pa., Nov. 6, 1865.

Messrs. Hostetter & Smith—Gentlemen—We have been selling your Stomach Bitters for 18 months, and find them an excellent medicine. All that is necessary is to let the people know their virtue and they will use them. I have tried them myself, and now recommend them to all who have weak stomachs. Respectfully yours,

WATTERSON & McPHERSON, Druggists.

Such is the tenor of the correspondence received by almost every mail at the manufactory at Pittsburg. The foregoing letters are given merely as specimens of its general character, and as valuable information furnished by those who have been relieved to those who suffer. It is not necessary at this late day to publish elaborate testimonials as a means of pushing this great National Specific. It has obtained a firm hold on the confidence of the public, and reached its present position as a Standard Preparation of the best class, through the legitimate medium of experimental demonstration. No one ventures to impugn its medicinal merits. They are everywhere confessed.

YOLO COUNTY DEMOCRAT.

National Democratic Platform.

The Democratic party in National Convention assembled, reposing its trust in the intelligence, patriotism and discriminating justice of the people, stand upon the Constitution as the foundation and limitation of the powers of the Government, and the guarantee of the liberties of the citizen, and recognizing the questions of slavery and secession as having been settled for all time to come by the war, or the volunteer action of the Southern States in Constitutional Conventions assembled, and never to be resuscitated, do, with the return of peace, demand:

First—The immediate restoration of all States to their rights in the Union under the Constitution of civil government and the American people.

Second—Amnesty for all past political offenses and the regulation of the elective franchise in the States by their citizens.

Third—The payment of the public debt of the United States as rapidly as practicable, all money drawn from the people by taxation, except so much as is requisite for the necessities of the Government economically administered, being honestly applied to such payment, and when the obligations of the Government do not expressly state upon their face or the law under which they were issued does not provide that they shall be paid in coin, they ought in right and in justice to be paid in the lawful money of the United States.

Fourth—Equal taxation of every species of property, according to value, including Government bonds and other public securities.

Fifth—One currency for the Government and the people, the laborer and the officeholder, the pensioner and the soldier, the producer and the bond-holder.

Sixth—Economy in the administration of the Government, the reduction of the standing army and navy, the abolition of the Freedmen's Bureau, and all political instrumentalities designed to serve negro supremacy; simplification of the system, and discontinuance of inquisitorial modes of assessing and collecting internal revenue; that the burden of taxation be equalized and lessened; the credit of the country made good; all enactments for the enrolling of the State militia into national forces in time of peace, and a tariff for revenue upon foreign imports; and such equal taxation under the internal revenue laws as will afford incidental protection to domestic manufactures as will, without impairing the revenue, impose the least burden upon and best promote and encourage the great industrial interests of the country.

Seventh—Reform of abuses in the administration; the expulsion of corrupt men from office; the abrogation of useless offices, the restoration of rightful authority to the independence of the Executive and Judicial Departments of the Government; the subordination of military to the civil power, to the end that the usurpation of Congress and despotism of the sword may cease.

Eighth—Equal rights and protection for naturalized and native born citizens at home and abroad; the assertion of American nationality which will command the respect of foreign powers, furnish an example and encouragement to people struggling for national integrity, constitutional liberty and individual rights, and the maintenance of the rights of naturalized citizens against the absolute doctrine of immutable allegiance and the claims of foreign powers to punish them for alleged crime committed beyond their jurisdiction. In demanding these measures and reforms we arraign the radical party for its disregard of right and the unparalleled opposition and tyranny which have worked its career. After the most solemn and unanimous pledge of both Houses of Congress to prosecute the war exclusively for the maintenance of the Government and the preservation of the Union under the Constitution, it has repeatedly violated that most sacred pledge under which was rallied that noble volunteer army which carried our flag to victory. Instead of restoring the Union it has so far as it is in its power dissolved it and subjected ten States, in time of profound peace, to military despotism and negro suffrage. It has nullified there the right of trial by jury; it has abolished the *habeas corpus*, that most sacred writ of liberty; it has overthrown the freedom of speech and the press; it has substituted arbitrary seizures and arrests, and military trials and secret Star Chamber inquisitions for constitutional tribunals. It has disregarded in time of peace the right of the people to be free from search and seizures. It has entered the post and telegraph offices, and even the private rooms of individuals, and seized their private papers and letters, without any specification or notice of affidavit, as required by the organic law. It has converted the American Capitol into a bastile. It has established a system of spies and official espionage to which no constitutional monarchy of Europe would now dare to resort. It has abolished the right of appeal on important constitutional questions to the supreme and judicial tribunal, and threatens to curtail or destroy its original jurisdiction, which is irrevocably vested by the Constitution, while the learned Chief Justice has been subject to great and atrocious calumnies merely because he would not prostitute his high office to the support of the false and partisan charges preferred against the President. Its corruption and extravagance have exceeded anything known in history, and by its frauds and monopolies it has nearly doubled the burden of the debt created during the war. It has stripped the President of his constitutional power of appointment, even of his own Cabinet. Under its repeated assaults the pillars of the Government are rocking on their base, and should it succeed in November next, and inaugurate its President, we will meet as a subjected and conquered people amid the ruins of liberty and the scattered fragments of the Constitution. And we do declare and resolve that ever since the people of the United States threw off all subjection to the British Crown, the privilege and trust of suffrage have belonged to the several States, and have been granted, regulated and controlled exclusively by the political power of each State respectively, and any attempt by Congress, on any pretext whatever, to deprive any State of this right, or interfere with this exercise, is a flagrant usurpation of power which can find no warrant in the Constitution, and if sanctioned by the people will subvert our form of Government, and can only end in a single centralized, consolidated government, in which the separate existence of the States will be absorbed, and an unqualified despotism be established in place of a Federal Union of co-equal States, and that we regard the reconstruction acts of Congress such usurpations, and unconstitutional, revolutionary and void.

That our soldiers and sailors, who carried the flag of our country to victory against a most gallant and determined foe, must be ever gratefully remembered, and all the guarantees given in their favor must be faithfully carried into execution.

That the public lands should be distributed as widely among the people and should be disposed of either under the pre-emption of homestead lands, and sold in reasonable quantities, and to none but actual occupants, at the minimum price established by the Government. When grants of the public lands may be allowed necessary for the encouragement of important public improvements, the proceeds of such lands, and not the lands themselves, should be applied.

That the President of the United States, Andrew Johnson, exercising the power of his office in restricting the aggression of Congress on the constitutional rights of the States and the people, is entitled to the gratitude of the whole American people, and on behalf of the Democratic party we tender him our thanks for his patriotic efforts in that regard.

Upon this platform the Democratic party appeal to every patriot, including all the conservative elements, and all who desire to support the Constitution and restore the Union, forgetting all past differences of opinion, to unite with us in the present great struggle for the liberties of the people; and that to all such, to whatever party they may have heretofore belonged, we extend the right hand of fellowship, and hail all such as friends and brothers.

WEED

THE NEW

SEWING MACHINE!

Just completed, in SOLID STEEL MACHINERY, and combining in ONE the good of ALL!

This most enterprising Company has certainly brought out

THE BEST SEWING MACHINE EVER MADE!

And indeed is the ONLY NEW Sewing Machine, of any name, manufactured for the last eight years. Even a *superficial* observer can easily see that it surpasses all others, at least in the simplicity and durability of its machinery, and its remarkable

EASE OF MOTION AND MANAGEMENT.

It has few pieces, and all of steel. It makes the complete **"Lock Stitch,"** the same on both sides, which will not ravel. Every Machine is warranted to sew from

Thinest Lace, to Double Harness Leather!

and of course can never be got out of order by "hard sewing." ☞ All repairs free of charge. Prices same as others.

PLEASE NOTICE.

The claims of the Florence Company for the First Premium at the great Paris Exposition of 1867, though seeming *true* in *letter*, is really false in spirit and intent, and calculated greatly to deceive the public. Although it *did* receive the Silver Medal—that being the highest award given—it was *not* awarded the FIRST RANK! This was awarded the **Weed** Sewing Machine, and to the *WEED only*, as being "first in the order of merit." The second place was given to an European Machine, and only the *third* to the Florence! But the claim of the Wheeler & Wilson Company, at this Fair, is a great outrage, both as to letter and spirit; at least so much of it as pertains to their Gold Medal upon their Family Machine, which, to speak plain, is purely imaginary, they having received—as is well known—their Gold Medal on their "Button-hole Machine," but nothing at all on their "Family Machine;" not even a bronze medal, nor indeed (what is worse) even an "honorable mention." (See official report.) See also, as to the new *WEED* Sewing Machine, the returns of the State Fairs of Pennsylvania, Illinois, New Hampshire and New York, for 1867, at each of which the *NEW WEED* "F. F." Sewing Machine was pronounced the *BEST*, and received the highest premium given. And so also at other Fairs, and indeed wherever the Company shall choose to exhibit the "strong points" of this really magnificent Machine.

S. E. HOAR, General Agent,
Office 31 Kearny street, San Francisco.

FAMILY

SEWING MACHINE!

Over 82 Competitors,

— AT THE —

Great Paris Exposition, 1867,

Being the highest honors and all the Gold Medals awarded to any Sewing Machine Company at this Exposition.

As a HOLIDAY Present, Nothing will be more appreciated THAN ONE OF these MACHINES.

America, England and France, now unite in this grand Proclamation:

Good news! good news the cable brings,
O'er all the wires it flies,
Wheeler & Wilson's sewing machine
Brings back the golden prize.

Our "Uncle Sam" first struck the note,
"John Bull" then caught the sound;
Now comes from France the echo back,
Wheeler & Wilson's crowned.

And now, no more the people doubt,
So long its stood the test—
The thing is fairly noised about
And they will buy the best.

☞ We can now supply those who wish to purchase 'STODDARD'S PATENT TUCK-MARKER,' one of the most useful attachments to the Machine yet invented; which, while sewing one tuck, makes the line of marks for the next.

HELMBOLD'S BUCHU.

The only Known Remedy

— FOR —

Diabetes, Irritation of the Neck of the Bladder, Inflamation of the Kidneys, Catarrh of the Bladder, &c., &c., &c.

For these diseases, it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. Are you troubled with that disgusting pain in the small of the back and through the hips? A teaspoonful a day of Helmbold's Buchu will relieve you.

Physicians and Others

PLEASE NOTICE.

I make no secret of ingredients. Helmbold's Extract Buchu is composed of Buchu, Cubebs and Juniper Berries, selected with care, prepared in vacuo and according to the rules of

Pharmacy and Chemistry.

These ingredients are known as the most valuable Diuretics afforded. A Diuretic is that which acts upon the Kidneys. Helmbold's Extract Buchu acts gently. It is pleasant in taste and odor, free from all injurious properties, and immediate in its action. For the satisfaction of all, see Medical Properties contained in Dispensatory of the United States, of which the following is a correct copy:

"BUCHU. Its odor is strong, diffusive and somewhat aromatic, its taste bitterish, and analogous to that of mint. It is given chiefly in complaints of the Urinary Organs, such as Gravel, chronic catarrh of the Bladder, morbid irritation of the Bladder and Uretha, diseases of the Prostrate, and Retention or Incontinence of Urine, from a loss of tone in the parts concerned in its evacuation. It has also been recommended in Dyspepsia, chronic Rheumatism, cutaneous affections and Dropsy."

For further information see Professor Dewees' valuable works on the Practice of Physic. See remarks made by the celebrated Dr. Physic, of Philadelphia. See any and all standard works on Medicine.

Dr. Keyser is a physician of over thirty years' experience, and a graduate of the Jefferson Medical college and of the University of Medicine and Surgery of Philadelphia:

Mr. H. T. HELMBOLD—Dear Sir: In regard to the question asked me as to my opinion about Buchu, I would say that I have used and sold the article in various forms for the past thirty years. I do not think there is any form or preparation of it I have not used or known to be used, in the various diseases where such medicate agent would be indicated. You are aware, as well as myself, that it has been extensively employed in the various diseases of the bladder and kidneys; and the reputation it has acquired, in my judgment, is warranted by the facts. I have seen and used, as before stated, every form of Buchu—the powdered leaves, the simple decoction, tincture fluid extracts; and I am not cognizant of any preparation of that plant at all equal to yours. Eighteen years' experience ought, I think, to give me the right to judge of its merits, and without prejudice or partiality I give yours precedence over all others. I value your Buchu for its effects on patients. I have cured with it, and seen cured with it, more diseases of the bladder and kidneys than I have ever seen cured with any other Buchu, or any other proprietory compound of whatever name. Respectfully yours, etc.,
GEO. H. KEYSER, M. D., 140 Wood st.
Pittsburg, Pa., August 11, 1865.

HELMBOLD'S FLUID EXTRACT BUCHU.

FROM THE LARGEST MANUFACTURING CHEMIST IN THE WORLD.

I am acquainted with H. T. Helmbold; he occupies the drug store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise. WM. WEIGHTMAN, (firm of Powers & Weightman), Manufacturing chemists, Ninth and Brown streets, Phila.

The proprietor has been induced to make this statement from the fact that his remedies, although advertised, are genuine preparations, and knowing that the intelligent refrain from using anything pertaining to Quackery, or the Patent Medicine order—most of which are prepared by self-styled doctors, who are too ignorant to read a physicians' simplest prescription, much less competent to prepare Pharmaceutical preparations. These parties resort to various means of effecting sales, such as copying parts of advertisements of popular remedies and finishing with certificates. The science of medicine stands simple, pure and majestic, having fact for its basis, induction for its pillar, truth alone for its capital.

A Word of Caution.

Health is most important; and the afflicted should not use an advertised medicine, or any remedy, unless its contents or ingredients are known to others besides the manufacturer, or until they are satisfied of the qualifications of the party so offering.
